

# National Youth Science Camp

Online Application: Nov. 1, 2017 – Feb. 28, 2018

The National Youth Science Camp is an honors program for two high-achieving high school graduates from each state in the United States and others from around the world. This residential summer experience has been held in a rustic setting in West Virginia's eastern mountains since 1963.

**Overview:** The NYSCamp is a broad science, technology, engineering, and mathematics program that incorporates both creative and performing arts as well as an outdoor adventure series including opportunities for rock climbing, mountain biking, spelunking, whitewater kayaking, and overnight backpacking. The delegation also travels to Washington, D.C. are able to tour museums on the National Mall, attend a panel discussion at the American Association for the Advancement of Science organized by the American Physical Society, and are hosted at a luncheon in their honor with members of the United States Senate. See <http://www.nysc.org> for more information or to apply.

## Highlights:

- Lectures and Seminars with leading scientists from across the United States
- Directed Studies alongside visiting and resident STEM professionals
- Dedicated natural science, physical science, computer science, creative arts, performing arts, and outdoor recreation program areas.
- Delegates attend **free of charge** – transportation included!

## Application Requirements:

- Graduate from high school during the year before the NYSCamp
- Documented superior academic proficiency
- Recognition for notable achievement in mathematics or science
- Skills and achievements outside of STEM and outside academics
- Intent to pursue higher education and career in STEM
- Availability to participate in entire NYSCamp program
- See <http://apply.nysc.org> for complete application information
